

HONEYMOON

It was supposed to be the most beautiful day in her life...

Honeymoon takes place over three days, during Radim and Tereza's wedding party. Secrets from Teresa's past return to her life during her own wedding. The past suddenly breaks into the present in the shape of an optician from a neighbouring town who surreptitiously mixes with the guests at the wedding ceremony.

Tereza believes that he is an acquaintance of Radim – but Radim denies it. The uninvited guest introduces himself as Jan Benda and reminds Radim that they are acquainted from their secondary school days, revealing a tormenting past which will transform the party into a nightmare.
